**UNDER
PRESSURE**

FACE AWAY

Face Away is designed to remove graffiti spray paint from non-porous, indoor, painted, or otherwise sensitively coated surfaces. It is water-based, self-neutralizing and safe on most surfaces when used as directed. Face Away will penetrate graffiti paint on sensitive surfaces without removing or damaging the underlying surface.

DIRECTION FOR USE:

Simply spray the Graffiti laden surface with Face Away. Allow 1-5 minutes to penetrate and loosen paint. Wipe the surface clean with a hand towel. Face Away surface coverage is variable upon texture and application methods. **PRODUCT CODE: 62050**

SMOOTH SURFACE GRAFFITI REMOVER
